Products & Commercial Services

Focused on Business

“When you succeed, we succeed.”
It’s a fundamental principle in business, but one the Saskatchewan Abilities Council strongly believes in.

For over 50 years our Training Centres have played an important role in providing vocational training and support for people with disabilities.

As significant as those contributions are, did you know that we have become an important player in Saskatchewan’s business community? Through Training Centre locations in Regina, Saskatoon, Swift Current and Yorkton, businesses access a wide variety of services, including:

- Assembly
- Metalwork
- Packaging
- Sewing
- Wood Products

Client-Centred, Customer-Focused

The Training Centres provide practical work skills and a realistic work environment where individuals can learn by doing. Each Training Centre is also a functioning business providing goods and services that focus on meeting the quality expectations of our customers.

- Our clients include people of varying abilities who want to improve their work skills and increase their independence.
- Our customers are companies and organizations who want reliable, cost-effective products and services.

The Saskatchewan Abilities Council has built long-standing relationships with businesses around the province, across Canada, and into the United States.

Meeting Our Customers Needs

The focus at each Training Centre is entrepreneurial – we have the ability to manufacture and develop products according to customer specifications. We work closely with customers to find the right solution for specific needs. Every year, we provide products and services to over 1,500 customers in Saskatchewan alone.

Assembly

Do you have products that require hand assembly? Our Training Centres excel in this area which includes bulk-mailing, small components, and kit assembly.

- Mail services including personalization, labelling, sorting and collating
- Confidential paper pick up, shredding and recycling services
- Buttons, badges, ribbons, pom poms
- Warning flags for highway departments and municipalities
- Promotional items such as mugs, key chains, pens, etc.
- Small component assembly
- Winter survival and other installation kits
- Wiring harness kit assembly
- Custom assembly
- Blister pack service, sorting, and labeling

Metalwork

The metalwork division grew out of the Council's manufacture of mobility equipment, including the "Ability Lift" residential wheelchair lifts, Sask-A-Pole transfer aids and accessories. It now offers a variety of services as well as custom metal fabrication.

- Ability Lift, residential wheelchair lifts, sales and service
- Sask-a-Pole transfer aids and accessories
- Real estate sign frames
- Grout plugs for the mining industry
- Portable aluminum ramps
- Custom metal fabrication

Packaging

Specialized knowledge, experience, and capabilities make our dry food co-packaging centres among the best in the province. Our facilities offer quality packaging services and solutions to both industrial and commercial businesses.

- Dry food packaging: - bag and container filling
- vacuum packaging
- labelling
- shrink wrapping
- re-packaging and labelling
- product development
- Food safety and certifications: HACCP accredited, AIB food safety certified, organic packaging certified, and licensed by Health Canada for Natural Health products.

Sewing

Our commercial sewing departments have built a reputation for high quality, innovative solutions and dependable delivery.

- Industrial hi-visibility coveralls and overalls, flame resistant garments, shirts and pants
- Veterinarian garments, lab coats
- Health Care linens – laundry bags, patient gowns
- Sportswear – including MossPro Ringette pants and Jerrand athletic girdles
- Silkscreen imprinting and embroidery
- Collapsible hopper cloths
- Specialty bags - coins, bank deposits, conferences, newspaper carriers
- Sample bags for agriculture and oil industries
- Aprons
- Custom products

Wood Products

The Training Centres produce a wide range of wood products for commercial and industrial use. We are also the largest manufacturer of Ringette sticks in Canada.

- Shipping crates built to customer specifications
- Standard and heavy duty pallets; specialty pallets
- CFIA certified wood packaging for EU markets
- Survey stakes, markers and lath
- Stinger ringette sticks
- Custom wood products
- Park and picnic benches
